Cipher 1000 / 1070 CCD Scanners

The economical Cipher Lab 1000/1070 touch scanners give high performance at very affordable prices. All of the major bar code symbologies are fully supported. The Cipher Lab scanners have revolutionary optics and features that make the toughest barcodes child's play. All in **Black**.

The Cipher Lab 1000/1070 scanner main boards and scan engines are covered by Cipher's **return to base Warranty.**

Cipher 1070 3 Yr Wty **$110.00 incl GST.**
Cipher 1000 5 Yr Wty **$137.50 incl GST.**

Additional Postage & Packaging cost apply.

Cipher 1500 Tethered CCD Scanner

The Cipher Lab 1500 speedy scanner raises the standard for performance, style, and affordability. An incredibly comfortable design the optional smart three-way scanner stand makes good sense, is easily adjustable and good looking. The stand can work on a vertical surface, on the desktop or elevated for **HANDS FREE** auto-sense scanning in the workplace making it ideal for use in libraries.
5 year return to base Warranty. (USB Cables 3 Months Wty)

Cipher 1500 with Auto Sense Stand & USB HID I/F cable.

$220.00 incl GST. plus P&P

Cipher 1660-1663-BT Portable CCD Scanner for Stock & Asset Collections

Powered by 2 **AAA** Alkaline or 2 **AAA** rechargeable NiMh cells (Alkaline Batteries Included), the **cordless** Cipher 1660 series when set for **batch collection mode** *can be taken to any remote location* where stocktaking or data recording is required. The built-in 256-Kb of non-volatile memory is able to store over 15000 average asset or library bar codes for subsequent downloading to the host device when needed.

When not required for portable data collection operation the Cipher 166#'s can be used as a personal desktop bar code reader for general loans and returns. When set as a conventional reader the **plug and play** Cipher 3610 USB Bluetooth transponder allows scanning to be comfortably undertaken anywhere within 10 meters of the PC or Mac.

CIPHER 1660 CCD Portable Scanner & Transponder. **$396.00 incl GST + P&P**
CIPHER 1661 CCD Portable Scanner & Transponder. **$418.00 incl GST + P&P**
CIPHER 1663 CCD Portable Scanner for iPad/iPod. **$429.00 incl GST + P&P**
Models 1661 & 1663 includes rechargeable batteries etc. All 1 year return to base Warranty.

Cipher 1560/1562 BT Wireless Portable Barcode Scanner

The **Heavy Duty Base Station** is connected to the PC via USB cable connection (not shown) and acts as bluetooth wireless communicator plus lithium Ion battery charger.

The 1560/1562-barcode-reader hand piece can be freely removed from the Base Station and used remotely up to 90 meters line of sight from the base PC.

When usage is required beyond the specified 90-meter wireless range, the 1560/1562's can be easily instructed to operate in **batch collection mode**. All the scanned barcodes are then stored within non-volatile memory to be downloaded to the PC or Mac later.

CIPHER 1560 CCD complete with Heavy Duty Base Station, battery charger, batteries and power transformer for USB connection to the PC. **$462.00 incl GST plus P&P**
CIPHER 1562 (Laser Version) with H.D. Base. **$594.00 incl GST plus P&P**

3 year return to base Warranty. (USB Cables 3 Months Wty)

Did you know that several 1560 / 1562 bar code readers are able to share the same base station?

NEXA NL-1800 Wireless Scanner

The Nexa NL-1800 Cordless Laser Scanner with exceptionally good 100 meter wireless range giving outstanding performance at a remarkably competitive price. Supplied with USB HID plug and play transponder, the NL-1800 employs state of the art features that outperform more expensive units. Ideal for offices and libraries.

No Cables

The Nexa NL-1800 scanner main boards and scan engines are covered by a **3-year Return to Base replacement Wty. Li-ion Wty 6 months.**

Nexa NL-1800 cordless laser scanner with rechargeable Li-ion battery & USB HID Dongle.
$363.00 incl GST. plus P&P

NEXA LS6320E Laser Scanner

The Nexa LS6320E solid state Laser scanner is a competition leader for value in its class, with style, versatility and affordability. The exceptionally comfortable design when accompanied with the easily adjustable and classy looking hands free desk stand completes the finishing touch. The LS6320E's bar code auto detection system beats the field.

Best Value

When installed on the desktop for **HANDS FREE** scanning the LS6320E is ideal for use in libraries. All the above supplied with **3-year Return to Base replacement Warranty.** (USB Cables 1 year Wty)

NEXA LS6320E scanner. **$159.50 incl GST.**
Hands free stand. **$ included.**

NEXA CM-500MV2 Portable CCD Scanner for Asset & Stock Collections

Economy Portable

Powered by its own internal Li-ion battery, the personal portable CM-500MV2 CCD scanner can be carried to any location where stocktaking or asset data collecting is required to be undertaken. The internal 128Kb non-volatile memory is capable of storing up to 4000 average length UPC or library/asset bar codes for downloading to the host device when required (Optionally with time and date of each scan if needed).

Time and Date stamping (obligatory for true audits) is optional and user selectable, data downloading is via the USB HID cable, battery recharging is also via the USB port.

When not required for portable data collection operation the CM-500MV2 can be attached to the host computer with the supplied USB HID cable and operated as a **light duty use** desk top bar code reader for data access or library loans and returns.

CM-500MV2 CCD Portable with USB HID I/F cable. **$275.00 incl GST + P&P**
CM-500W3 CCD BT Portable for use with iPad/iPod. **$319.00 incl GST + P&P**
Now supplied with protective silicon rubber boot. (Available separately as accessory).

NEXA NL-1950 BT Wireless Portable Barcode Scanner

Most Popular

The **NEXA Base Station** attaches to the PC via USB cable connection (not illustrated) and acts as bluetooth wireless communicator plus lithium Ion battery charger. When parked in the cradle the NL-1950 acts as a presentation scanner.

The NL-1950 barcode hand scanner can be freely detached from the Base Station and used remotely up to 90 meters line of sight from the base PC.

Should data collection be required beyond the specified 90-meter wireless range, the NL-1950 can be easily instructed to operate in **batch collection mode** for stocktaking. All the scanned barcodes are then stored within non-volatile memory to be downloaded to the PC or Mac later.

NEXA NL-1950 CCD with Base Station, cables, rechargeable Li-ion battery and power adapter for USB connection to the PC. **$429.00 incl GST plus P&P**

3 year Return to Base warranty. (USB Cables 3 Months Wty, Battery 6 Months Wty)

Honeywell / Metrologic MK5145 Eclipse™ Laser Scanner

Eclipse™ is a low cost laser-based alternative to CCD scanners. Its compact form factor and high-end feature set simplify its use in a variety of applications at the press of a button.

Metrologic's proprietary CodeGate technology allows the user to easily target the desired bar code and complete the data transmission with a simple press of a button. This makes Eclipse a perfect selection for menu scanning, point of sale, document processing and inventory control.

MK5145 Eclipse™ with USB I/F **$198.00 incl plus P&P** **Optional Desk Stand** **$48.40 incl**

NEXA LS6150 Hands Free Laser Scanner

The Nexa LS6150 Laser scanner represents the best value Laser Scanner on the market today. The exceptionally classy design with the easily adjustable and stylish looking hands free desk stand completes the package. The LS6150's first class bar code auto detection system makes scanning a breeze for all users whether students or adults. (Ideal for young hands.)

When installed on the desktop for **HANDS FREE** scanning the LS6150 is ideal for use for use on the loans and returns desk in any library. All the above supplied with **3-year Return to Base replacement Warranty.** (USB Cables 1 year Wty)

NEXA LS6150 Laser scanner. **$110.00 incl GST.**
Hands free stand. $ included

NEXA BL-8040 Omnidirectional Desktop Scanner

Nexa's new bench top laser scanner utilises 20 omnidirectional scan lines to facilitate quick and easy hands free scanning.

This is the same type of scanner that can be found being used in various point of sale locations like service stations and small supermarkets to process items quickly and accurately. The omnidirectional placement of the scan lines eliminates the requirement to align the bar code with a single specific beam, and results in faster and easier processing.

All the above supplied with **2-year Return to Base replacement Warranty.** (USB Cables 1 year Wty)

NEXA BL-8040 with USB I/F **$297.00 incl GST plus P&P**
